1. Fanless, Copper-strip Heat Sink
2. LED chip: Philips Lumileds Z ES
3. Power: 25W High Beam, 25W Low Beam and 25W Single Beam
4. Voltage: 6-18V or 12-24V
5. Housing Material: 1070 Aluminum
6. Lifespan: 50,000 Hours
7. Canbus LED Headlight

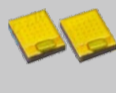

Super Brightness Philips LED Chip

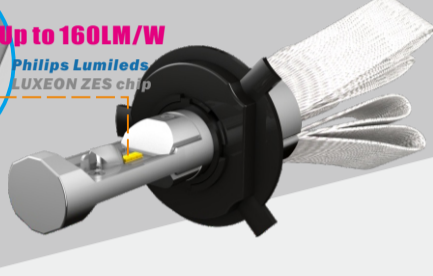

Automobile Grade LED light source - Extreme Output

PHILIPS Lumileds LUXEON ZES CHIP

Up to 160LM/W
Philips Lumileds LUXEON ZES chip

LED Features:

- ✓ Heat resisting
- ✓ Extreme output
- ✓ High lux
- ✓ High stability
- ✓ Long service life
- ✓ Nice light beam

Perfect Beam Design

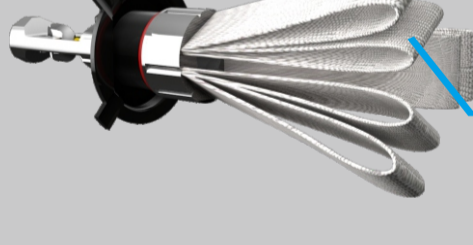

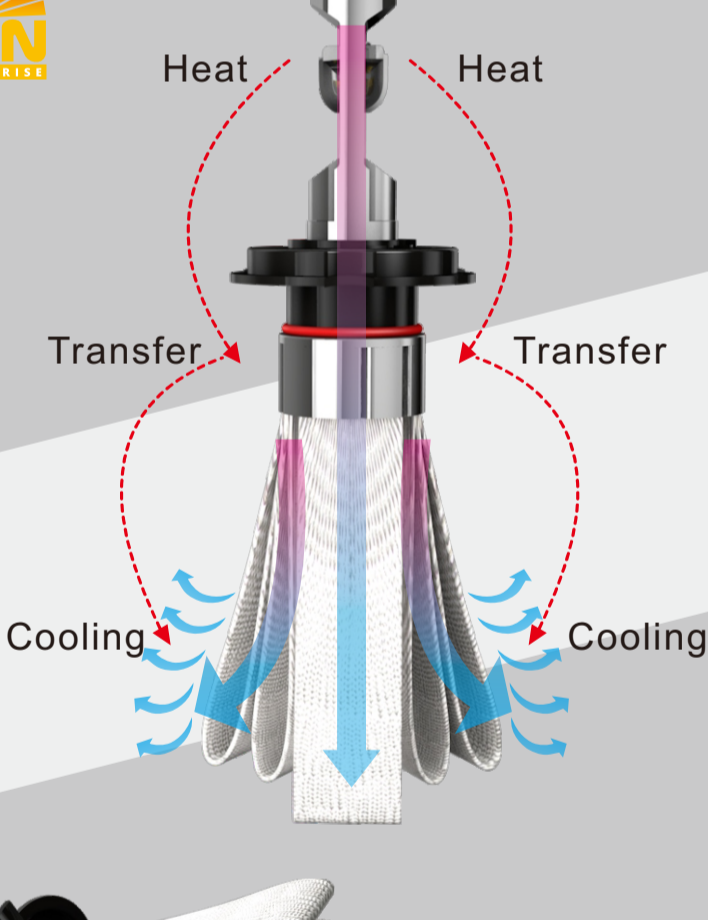

Philips Halogen Bulb

ZonRise High Power LED

Same as Philips halogen bulb

Aerodynamical Heat Cooling System

pure copper (Cu) flexible weave cloth heat-sink

WHY we should change our headlight bulb to LED?

The headlight bulb is so important for us while driving at night. We wish to help you driving safely at night.

The normal HID Xenon Light will dazzle people driving from opposite, how to ensure the driving safety?

With ZonRise High Power LED, driving at night is like driving in the daytime.
