

SLIDE

PROTECTIVE COATING

Product from Europe
AN ISO 9001 CERTIFIED COMPANY

NON-STOP PROTECTION FOR SEATS

- Fabrics coated with SLIDE will protect it from unpredictable spills and splashes allowing all types of liquids to bead up and roll off which can be cleaned and absorbed by a tissue paper.
- SLIDE protects against coffee, tea, wines, aerated drinks and food stains.
- Will not change the colour on application of slide coating
- SLIDE makes it easier to keep the seats looking fresh and clean
- Long lasting
- Breathable and will not affect the feel, texture and comfort of the fabric
- Can be used in all fine colour fast, carpets, rugs, upholstery and roof lining
- UV stable, environmental friendly and non toxic
- Economical
